

Rudraksh K. Ramekar

React Native Developer — Cross-Platform Mobile App Developer

📞 +91 84460 19033 | ✉️ workrudrx75@gmail.com | 🔗 LinkedIn | 🐙 GitHub | 🌐 Portfolio | 📍 Amravati, Maharashtra

PROFESSIONAL SUMMARY

React Native Developer skilled in building cross-platform Android and iOS applications with React Native, Expo, TypeScript, Firebase, SQLite, Realm, and REST APIs. Experienced in scalable mobile architecture, offline-first apps, reusable UI components, and performance-optimized, intuitive UX and Product Design.

TECHNICAL SKILLS

- Languages:** JavaScript (ES6+), TypeScript, Python, Java, SQL, HTML5, CSS3
- Mobile Development:** React Native, Expo, Expo Router, React Navigation, Android SDK, Android Studio
- Frontend:** React.js, Next.js, Tailwind CSS, NativeWind, ShadCN UI, Framer Motion
- Backend & DB:** Node.js, Firebase RTDB, Firestore, REST APIs, SQLite, Realm, MySQL, MongoDB
- State Mgmt & Libraries:** React Hooks, Context API, Reanimated, Gesture Handler, AsyncStorage, RN SVG
- Tools:** Git, GitHub, VS Code, Postman, Figma, Blender

PROJECTS

- Smart Switch – Smart Home IoT Controller**

React Native, Expo, Firebase, ESP32, TypeScript

 - Built a real-time IoT mobile app to remotely control appliances via ESP32-based controllers.
 - Integrated Firebase Realtime Database for device synchronization and controller monitoring.
 - Designed responsive dashboards with custom device cards, animations, and reusable components.

May 2026 – June 2026

[🐙 GitHub](#)
- Bubble Brew – POS & Cafe Management System**

React Native, Expo, SQLite, Realm, Figma

 - Designed a cross-platform POS app for cafes with an intuitive, responsive user interface.
 - Implemented offline-first order management states and billing workflows using SQLite and Realm.
 - Built a scalable, reusable UI component system in Figma to improve consistency and maintainability.

Feb 2026 – April 2026

[🐙 GitHub](#)
- QuietDesk – Productivity & Workspace Management App**

React Native, Expo, TypeScript, Firebase, Realm, Expo Router

 - Built a focus-timer app with accelerometer-triggered auto-start using React Native and Expo.
 - Implemented SQLite storage, haptic feedback, and smooth UI animations for distraction-free UX.
 - Built and optimized a Play Store-ready AAB for Android using Expo EAS Build.

Nov 2025 – Dec 2025

EXPERIENCE

- Android Developer Intern**

Mout Reach Solutions Pvt. Ltd.

 - Developed Android applications using Java and Android SDK following clean architecture practices.
 - Designed responsive, user-friendly mobile interfaces focused on usability and performance.
 - Integrated APIs like Google Maps and features based on business requirements.
 - Debugged and resolved application issues, improving stability and user experience.

Jun 2023 – Sep 2023

India
- Game Artist Apprentice**

Dnnovate Technologies

 - Created and optimized 3D assets using Blender for game environments and interactive experiences.
 - Collaborated with developers and designers to deliver visually consistent assets on schedule.

Jan 2024 – Feb 2024

India

EDUCATION

- B.E. in Computer Science & Engineering (Data Science)**

Sant Gadge Baba Amravati University

2024 – 2027

Amravati, MH
- Diploma in Computer Engineering**

Maharashtra State Board of Technical Education

2021 – 2024

77.37%
- Senior Secondary (Class X)**

Central Board of Secondary Education

2020 – 2021

82.00%

CERTIFICATIONS

- AWS Academy Graduate – Generative AI Foundations**, AWS Academy | 2025
